2 square wave outputs

Preset to 10 MHz

Power level can be set from approximately 6 dBm to 10 dBm

Comparable spectral purity to my Trimble GPSDO at 10 GHz

WX7S is located in Prosper, TX. Steve left me his tel number so I decided to call him and introduce myself and the NTMS

- I mentioned that I was going to make a motion to have the NTMS purchase a unit to replace our ailing HP Z-3801
- However Steve generously donated a unit to the NTMS!
- Thank you Steve!
