

Universal Feed Mount for Offset Dishes

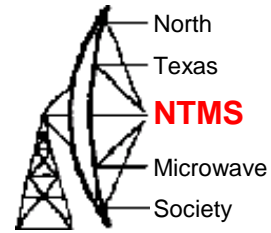

Scott Armstrong

AA5AM

11/02/19

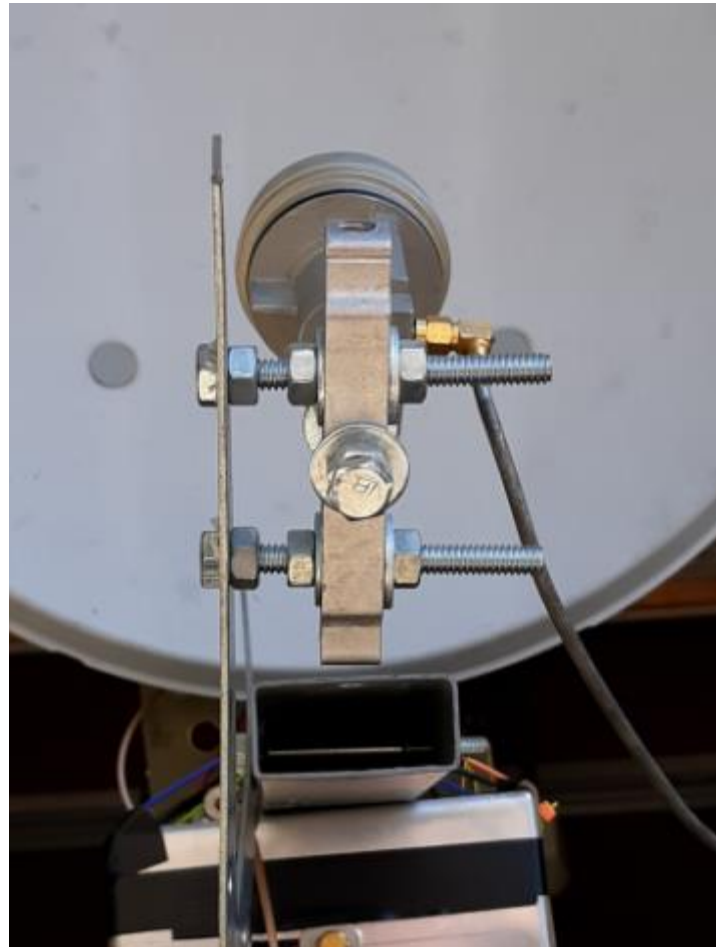

Features

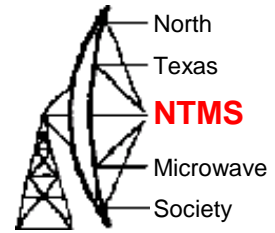

- Claims to work with any 18" DTV dish, Dish Network, Super Dish, and 33", 36", or 39" FTA Dishes
- Flat attaching bracket will attach to virtually any dish arm (May need to drill a new attachment hole in your dish arm)
- Will accommodate 30mm and 40mm diameter Ku LNBS

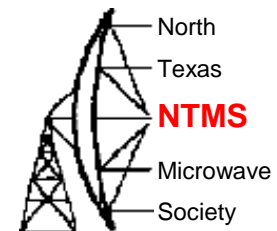

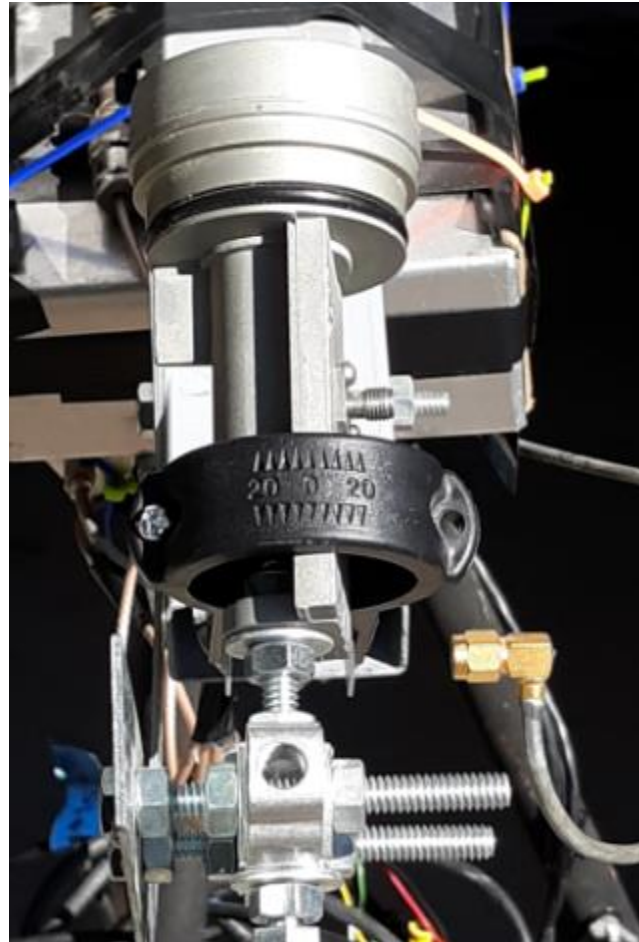

18 Inch Dish

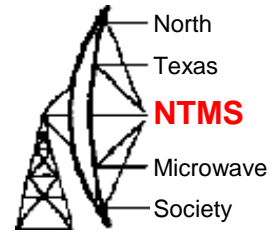

30 Inch Dish

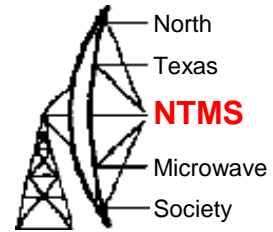

Short comings

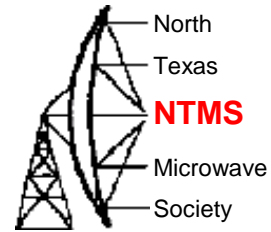

- Square shoulder of bolt is a fraction of an inch too long.
- Nut bottoms out on shoulder and will not allow the two halves to tighten up.
- Need to add a washer.

Short Comings

- Left-Right slop when fully extended.
- Shims would probably help.
