300 - Points for Unique Calls

347 – DX points

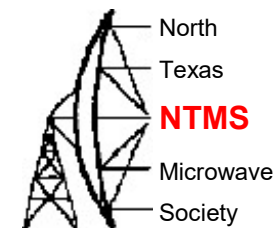

647 – 24 GHz Points

Total Score submitted 25,898!

24 GHz to AA5AM

Thank You!

- All the rovers that put the miles,time and effort in this contest. The increased participation really showed in the scores and the fun had this year!
- Thanks to everyone that spent hours waiting for us to move and setup for all the QSO's!
- Looking forward to a winter operating event that is in the works for early next year. Hopefully the cooler weather and low humidity levels will allow us to extend our 24 GHz and up distances!!
